FullStack Developer

PERSONAL SUMMARY

With approximately five years of experience as a Front-End Developer, I have developed strong expertise in modern web technologies including HTML5, CSS3 (SASS), React, and Vue.js. I am also proficient in UI/UX design using Figma, and have applied design methodologies such as Atomic Design and MVP (Minimum Viable Product) patterns. Additionally, I have experience working in Agile environments, with a solid understanding of project management best practices.

EXPERIENCE

- Fullstack Developer** Helsinki, Finland
Feb 2025 - May 2025
 - *Karhuno ai*
 - Engineered the next-generation website using Next.js, achieving significant improvements in performance, scalability, and SEO optimization.
 - Integrated cutting-edge tools including Tailwind CSS v4, Shadcn-UI (a highly customizable React component library), and Bun as a package manager, reducing build times and enhancing development flexibility.
 - Crafted dynamic and fluid animations with motionReact, elevating user experience and increasing session engagement.
 - Architected the backend using PostgreSQL and Prisma, streamlining database operations and improving query efficiency by 25%.
 - Technologies: **NextJs, shadcn-ui, tailwind, typescript, gsap, zod, postgresql, prisma**
- FrontEnd Engineer** Tehran, Iran
Sep 2022 - Jul 2023
 - *PAP Group Ltd.*
 - Mentored 5+ junior developers in mastering modern frontend technologies and frameworks, boosting team delivery speed by 20% under Agile workflows.
 - Upgraded the "Web Harmony" application by migrating to Vue 3, implementing the Composition API, and integrating Vite, resulting in approximately 20% faster compression and reduced network traffic.
 - Designed and developed high-performing travel agency websites, including Shabaviz and AryakTravel, enhancing user engagement and improving load times.
 - Built the "PAPDocs" documentary website using VitePress libraries, and led a cross-functional team in creating comprehensive documentation with Markdown, accelerating the content creation process by 25%.
 - Explored various Vue libraries including vue-types, create cleaner props with more options than typescript, and Vuetify as UI Components library.
 - Technologies: **Vue3, Javascript, Typescript, Vuetify, Vite, Vitepress, SCSS, Vuex, Pinia**
- Front-End Developer** Tehran, Iran
May 2021 - Aug 2021
 - *Zharfa Acadamy*
 - Designed and developed Zharfa web application from scratch, focusing on responsive UI/UX using HTML5, CSS3, and JavaScript, and integrated Vue.js for dynamic front-end interactions. Implemented the backend using the Laravel PHP framework, enabling RESTful API endpoints, authentication, and efficient data handling..
 - Collaborated in deploying and testing the application to ensure high performance and scalability.
 - Technologies: **HTML5, CSS3, Javascript, Vue.js, PHP, Laravel**

• Front-End Developer

Almas-Teb-Rayen

Tehran, Iran

Apr 2020 - Jul 2021

- Worked as a Frontend Developer at Almas Teb Rayan Company on the Intelligence Nikan's Hospital and Clinic project. Designed and expanded the website for the project.
- using git and the latest method of managing and compressing packages like Webpack and npm in the project.
- Enhanced user interaction by refining internal tools, increasing MVP design versatility by 30% , accelerating product delivery timelines by 15%.
- Developed a website using pure HTML, CSS, and JavaScript, ensuring responsiveness across multiple platforms, including mobile devices.
- Emphasized the collaboration and teamwork within the group.

Technologies: **HTML5, CSS3, Javascript, SCSS, Swiper, Chartjs**

EDUCATION

• University of Padua

Master of ICT for Internet and multimedia - Cybersystems

Padua, Italy

October.2023 - ongoing

• Azad University Central Tehran Branch(IAUCTB)

Bachelor of Computer Engineering

Tehran, Iran

September.2016 – October.2021

OTHER EXPERIENCE

• Teacher

Zharfa Acadamy

Tehran, Iran

Jan 2022 - Jan 2023

Planned and implemented integrated lessons aligned with national standards, delivering instruction on HTML, CSS, JavaScript, to students while providing mentorship and guidance throughout the learning process, and regularly engaging with students and faculty to offer feedback and collaborate on instructional strategies.

TECHNICAL SKILLS
